Barb Protestant Cemetery

The Barb Cemetery is located on County Road 10, in East Hawkesbury Twp., Prescott co, ON and about 3.5 km East of Hwy 417, and about 0.5 km West of St Paul's Anglican Church. It is hidden in amongst many trees on the South side of the county road.

Dedication

This book is dedicated to the Pioneers who established this Cemetery, each of whom provided work to have the cemetery created for their descendants and others who followed in their footsteps.

The 1st burial was held about 1840 on land owned by Nathaniel Burwash, later to be known as Lot 22, Concession 5, East Hawkesbury ON . The Cemetery was legally established on the property of Nathaniel Burwash in 1852 when a deed conveyed the surrounding farm to Henry Frederick Augustus McArthur, of the Seignory of Argenteuil in the County of Two Mountains and District of Montreal. In this deed "of an Indenture tripartite made the ninth day of March one thousand eight hundred and fifty-two", it stated "Excepting the rear twelve acres of said half lot which the said party of the first part formerly conveyed away and the said party of the first part (Nathaniel Burwash) also reserves for public use one half acre of said half lot at present occupied as a Burying ground near the front of the said lot." It was signed by James Gamble, G.D Read and H.F.A. McArthur and L.S. and registered by James Gamble and G.D. Read on 10 of March 1852.

Acknowledgments

The Authors wish to thank Mr's. Arthur K. LeRoy and Donald S. Cuning of Barb in East Hawkesbury, for their help in researching the material.

Thanks also is extended to Mrs. Margaret L. Mooney who provided guidance in how best to proceed with this task.

Notes

A close examination of the older stones will reveal that some of them have been affected by weather and are quite hard to decipher. In some of them the wording is impossible to read completely. In other cases the present management of the cemetery have replaced the broken stones with foot stones (FS) and have copied the important basic data. The original broken stones that have been replaced are still on the property, but piled up in a corner. Any errors (and there are likely some) in this booklet are not intentional and yet we must accept the responsibility for them. We have attempted to provide the best interpretation possible.

This book comprises of five separate sections and contains; 1) a map or layout of the cemetery showing the lot numbering scheme for this book; 2) the inscriptions on the tombstones that could be read and sorted by lot number, with some additional notes following; 3) records of the burial permits that could be found, to the 2nd day of Oct. 1995; 4) a list of the subscribers/owners of the lots; and 5) an index of persons listed on the tombstones with a reference to the lot and tombstone number.

In comparing the various entries in 2) and 3) it is obvious that there are some unmarked graves in the cemetery. It is important to recognize that whereas we have attempted to identify the lot number close to the tombstone it may not be exact. Where spelling differences occur we have used or attempted to transcribe the spelling used in the original work.

In the material we have used the following symbols.

/ denotes next line on the tombstone

E denotes the most Easterly face of the tombstone, **N** the North face, **W** the West face, **S** the South face, **E-l** denotes data on the left side of the Easterly face and **E-r** denotes data on the right side of the Easterly face, of the tombstone.

NS denotes No tombstone

FS denotes Foot Stone

GM denotes Ground Marker

† denotes a Cross on the tombstone, likely placed by the Canadian Dept. of Veterans Affairs, since the person served in the Canadian Armed Forces.

_____ denotes a space left on the tombstone for a future date

(words in bracket) denotes comment by the authors.

It is our hope that this information will provide a source of help for genealogical purposes.
